Ever think of singing a book instead of reading it?

Here are some rhyming books you can not only READ with your child, but SING:

Sing a Song! Singing a lullaby, like Twinkle, Twinkle Little Star, while rocking a baby builds connections and grows healthy brains!

See how using music with infants and toddlers promotes their development:

Option 2

(Image: bears playing blocks graphic)

(File Name: Q2 Connect Kit Social Media - May - Week 3 - Option 2.jpg)

Singing can help toddlers transition from one activity to the next. For example, as children get ready for bed, the parent can playfully engage them in a song to make clean-up fun by modifying *Brown Bear, Brown Bear What Do You See?* by saying the child's name and asking what they see. The child may respond or point to blocks! Then the parent can sing, "I see blocks looking at you. Let's clean them up!"
